INTRODUCTION, TIMING AND PURPOSE:

This policy is to establish guidelines and set a fee schedule for the installation, removal and storage of boat hoists for Ma-Me-O Beach ratepayers. To control costs and prolong the use of the Village tractor, these guidelines will be followed.

An agreement which forms part of this policy will capture pertinent ratepayer/boat hoist information and outline the process used to ensure public safety, manage municipal risk and effectively perform this service.

Property ratepayers who wish to participate in the boat hoist program must pay their entire fees by May 15th, of the current year.

The Summer Village will accept NO liability for damages to any boat lifts.
