

NOTICE OF CONSTRUCTION

Hello Residents of Ma-Me-O Beach!

We have created this newsletter to keep you informed on the progression of the Ma-Me-O Rehabilitation Project and to offer information and advisories to the residents of Ma-Me-O Beach.

We are sending this notice to update you that by next week we will be commencing work in the **6th St block** and completing work in the area of 8th St and 10th St - 1st Ave (we are currently awaiting the arrival of parts in order to finish this section). We will continue working our way throughout Ma-Me-O towards Jubilee Park. Driveways and residential access will be limited and may not be available in this area during this time.

CHRISTMAS UPDATE - We have received an overwhelming amount of questions about the progression of this project and the need for residents to be able to access their properties over Christmas. We are happy to share with you that we will be shutting down construction from Dec 18 until after the New Year regardless of weather. When we shut down, the trenches will be filled in and although there may be some disturbance in the driveways and around CC Valves, residents should still have access to their garages and properties during this time. We hope this will provide you with enough information to plan your gatherings and start looking forward to the holidays.

As always, any questions related to this project may be directed to the Summer Village of Ma-Me-O Beach at 1-780-586-2494 or by visiting their website at [Ma-Me-O Beach Website Link](#)

Ongoing construction updates will be sent out by email as we move forward. If you wish to update the email address for our newsletter, or know of someone who may require updates to be sent, they may do so by clicking the following link: [Ma-Me-O Beach Rehabilitation Newsletter Signup](#)

Kind regards,
THS Septic
