Wastewater Rehabilitation Project

Weekly Update

Week of Dec.6 – Dec.12, 2021

Location of Work Crews

1st Ave, between 9th and 6th Streets

Work Completed

Excavation

Repairs to main line (9th to 7th Streets)

Replace insulation kits (9th to 7th Streets)

Replace heat trace (9th to 7th Streets)

Inspect existing infrastructure

General Comments

Excavation from 7th Street to 6th Street is complete, the CC's will be inspected and repaired, work will continue on replacing the insulation on the tees and cc's, and the crew plans to make every effort to complete the replacement of the heat trace, repair electrical, and backfill up to 6th St. this week.

There will be additional crews and equipment on site this week. The area will be very difficult to navigate. Public advised to find an alternate route if possible.

Crews are expected to complete work for the year by December 22nd. Every effort will be made to keep driveways accessible during construction of the final section.
